

Jesus deals with 3 of life's big issues

John 16: 25-33

1. **Faith:** Jesus wanted so badly for his disciples to understand whom he is and what he has to offer. He explains all of this as simply as possible and rejoices in verse 31 proclaiming, "You believe at last".

This same story plays out in your life as well. Jesus has so much to offer and yet some make it so complicated. Don't worry about all the uncertainties, just trust him and believe.

2. **Loneliness:** You're never alone. Jesus found comfort in knowing God the Father would always be with him. We too can find this comfort. When life seems to deal you a terrible blow and you feel lonely or abandoned remember God is there talk to him.

3. **Troubles:** You may experience trouble in this world but Jesus says, "I have overcome the world". (Verse 33) The world seems to have a way of life contrary to God's view. Sin often appears desirable but it has left many broken lives. The hurt of failure and wrong decisions have left a nasty trail of memories along our journey of life. Even as Christians we face personal battles and struggles. Sometimes we even make the wrong choice. Life is a battlefield but thanks be to Jesus for he has overcome the enemy. He offers help for today and hope for tomorrow.

Please take time to talk with him.
